

# Preparing for delivery

Now that you've chosen which furniture you want, it's a good idea to check that it will fit through all relevant access points in your home. These simple steps below will ensure a smooth and quick delivery.

## ONE

Before day of delivery you should think about how your new furniture is going to fit in the space. Plan your layout around the fixed features of the room such as, doors, windows, lights, sockets & radiators. Feel free to sketch your ideas below.

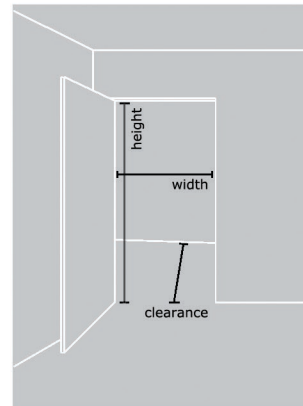

(Example)

## TWO

Measure the height and width of all doorways and windows that the furniture will need to pass through. The clearance in hallways is all important, ensure there is enough room.

## THREE

Measure the height, width & depth of your furniture, along with the diagonal height (if applicable) as shown below.

## FOUR

Compare the dimensions of the room, route & furniture to ensure that your furniture will fit through all doorways and passageways.

### Furniture

\_\_\_ width x \_\_\_ depth x \_\_\_ height

\_\_\_ width x \_\_\_ depth x \_\_\_ height

\_\_\_ width x \_\_\_ depth x \_\_\_ height

### Entryways

\_\_\_ width x \_\_\_ depth x \_\_\_ height

\_\_\_ width x \_\_\_ depth x \_\_\_ height

\_\_\_ width x \_\_\_ depth x \_\_\_ height

### Clearance

\_\_\_ width x \_\_\_ depth x \_\_\_ height

\_\_\_ width x \_\_\_ depth x \_\_\_ height

\_\_\_ width x \_\_\_ depth x \_\_\_ height
